

As we near the end of 2018, I'm excited to report that the construction of the new building in Seoul has been completed. The building is paid for and properly registered with the government-and we are tax exempt! Thank you again for your help in making all this possible.

Sang has moved the furnishings and equipment over from the old building and is busy taking care of "a hundred and one" details to make the building ready for the 51st Winter School that begins on January 7th.

With the Winter School beginning in two weeks, Sang has been evaluating what items we already have that can be used, and he's been purchasing additional furnishings that will be needed by then - beds, kitchen equipment, appliances, blinds, video equipment to connect the two classrooms and the dining room, etc.

In the dining room he's considering using the mixed-matched dining tables we have, "if they don't look too awkward in that setting." On the second floor he'll use the old desks for now. He said, "I need time to think about it. I don't want to waste money".

Jim Gardner from FHU will be teaching the last part of the History of the Old Testament this year. Jim's wife, Becky, will accompany him.

David South, who preaches for the Woodland Hills church in Memphis, will be teaching 2 Corinthians.

I'll be traveling over in January, along with my wife, Dinah.

I appreciate your prayers for a fruitful and safe trip.

With deepest Christian love,
Bill
