God commands the waters.

God put a river that was watering the garden of Eden (Gen 2.10). He provided water to the living things, making sure they had exactly what they needed. But when sin happened, it brought consequences, even in respect to the way water was able to be received. Now storms and torrents would come, and rain would fall. In Genesis 6-8, God brings a flood that destroyed all living things on the earth.

Later, when people would disobey what he commanded them, God brought no rain as a result of sinful lives people were living (Amos 4.7-8). God did this because he commands the rain. It belongs to him. God would ask Job, "Who shut the sea behind its doors when it burst forth from the womb?" (Job 38.8). He asked him, "Have you entered the storehouses of the snow, or seen the storehouses of hail?" (Job 38.22).

We cannot even get to the place, of what has not been created by us! If we could, we would not be able to command such ice formed water for a day of war or battle! When you think about that simple, single illustration of what is beyond our control, it will humble you, like it did Job. Such things are not for finite minds even to attempt to grasp, much less command. God laughs at those who try.

Alex

## Inner City Mission

## New Website

We have been working to revamp our website in order to make it easier for you to obtain information and for us to communicate with you. The website address is still rogersvillecoc.org but there is a new layout and new functionality available. One of the new features on the website is an online giving option at the top of the website. Just click on that option and it will walk you thru the process for submitting your contribution electronically. The company that handles the online giving is called Tithe.ly and they also offer an app you can download to your smartphone if you want to use that method instead. Another new functionality with the website is the ability to communicate via text so if you did not get a text this week about services, please contact the church office or email Kim. The website is still a work in process but it will be a great tool and source of information for everyone once it is completed.

## Rogersville Pictorial Church Directory

If you have a phone, or tablet, you can go to the app store and download the "Instant Church Directory" app and log in using your email and create your own password.

If you are using your computer, go to "instantchurchdirectory.com" and log in using your email address. Either way an email will be sent to you to verify your correct email.

Once you have logged in, you won't have to go through that process again. Let me know if you have any problem. Windell [wgann@hiwaay.net](mailto:wgann@hiwaay.net)
