Welcome to the family! There have been families since the dawn of creation. Adam, Eve and their children began things as the first family, but there was a Father in existence even before them. A Father who loved, cared for, and desired to be with His family. As time continued, families came into existence, expanded, disappeared, split up, reconciled, and developed all over the globe. However, the love, care, and desire from the Father did not change.

Today, the family of believers gathered in this place desires to worship our Father in spirit and in truth. We feel complete when we gather together to participate in worship together and we truly love each other with a love only understood by those that are members of the family. Ultimately, we want for every person we come in contact with to know Jesus Christ and the Father of all mankind. On this day, we study what it means to be in the family. We do this because we want to better understand our family so that we may teach others and open the door for them to join us.
