There are so many descriptions of God offered in the Bible. God is love, God is the just and the justifier, God is omnipresent, God is omniscient, God is all-knowing, God is... and the list could go on and on.

Today we look at an aspect of God's nature that can be overlooked at times. The restorative nature of God is something we should be thankful for in our everyday lives. God sees us through so many trials and so many situations and brings us out on the other side in ways that we could have never envisioned.

Missions

As we study today, focus on God as a restorer... God as a confirmer... God as a strength... and God as an establisher. It will awaken a fire within you that perhaps has been tamped down due to what the world puts in front of you. Today is the day to reignite that fire and have God restore you back to the path you were intended to be on.
