The attitude towards worship has been an issue for the majority of believers since the birth of the church. The truth that faces us is that anything we do for a long time we grow accustomed to and lose the impact it once had on us. Worship is a topic that we have tried to cover in multiple classes, discussion groups, and even in sermons, but while we may still debate over what constitutes worship, we have to acknowledge the one thing we all know: Who we worship matters.

If I am not coming to worship with a humble attitude and an awareness of my position before God, then I am lacking. If worship has become another box to check on my list of events then I need to repent immediately. The loss of impact is dangerous because with it comes a loss of connection. Let us all commit to bringing back the impact of worshipping God to our daily lives and let us grow together in the word of God.

### Vacation Bible School

We need helpers for VBS. It is right around the corner (June 11-15) and we need you! Specifically, we need someone that would be willing to teach the lesson each night to the kids (15-20 minutes and you would teach the same lesson 4 times). If you could step into that role, that would be great. Also, if we have anyone who would want to get us started each night and close us out each night, that would be great too. Please let Scott know how you can help!
