Cadence is a term that represents the rhythm, heartbeat, sync, pulse, or meter that one can be in with someone or something. Oftentimes it is used to discuss military drills or even school groups that are participating in an activity that requires everyone to be in step together. The Bible speaks frequently of our need to be in step with God and His word. Therefore, over the next several weeks, we will examine this concept of cadence when it comes to our attempt to live in step with the will of God.
