The church is not the church without you and me. If we are not present and we are not working, then the church is merely a place to hang out with those who will typically agree with you and not make you feel bad.

That is not what the Bible calls the body of Christ. The body of Christ is (and will always be) a living organism designed to be added to and designed to be busy. The questions we will all need to answer are:

- Am I serving God to the best of my ability?
- Am I pursuing the life God calls His children to with the proper attitude?
- Why does it matter if I am here? Why does it matter if I am involved?
- What is one work that takes place within this body that I could get involved with in 2024?

The church needs us. The church wants us. The church needs us to work. May God continue to richly bless this congregation, this community and may there be countless souls in the future that thank God for this church family reaching out to them when they were wandering.
