"The evidence for the resurrection of Jesus Christ is more powerful than anything else we believe. By His resurrection Jesus proved He is who He says He is. Be confident in this truth. Stand on the Holy Word of God. Don't sell the world a false bill of goods. Preach the word. Defend the faith. Live the faith." -- Charles Colson

THIS MORNING: The resurrection of Jesus Christ being examined today is refreshing and encouraging. It could be argued that this day of examination is even more important than people stopping at Christmas to acknowledge the birth of Jesus. It feels strange to us to compare these two major events in an effort to determine which one is "more" important, but it could be said that without the resurrection, we would have no hope of anything in this life or in eternity to come.

If you feel this way about the resurrection, then be encouraged by our study this morning and solidify your faith in the One who created all things. However, if you perhaps do not feel that way about the resurrection or you're struggling with being convicted of this belief, then we pray that you are challenged by this morning's study to reconsider. The Jesus who was resurrected is the same Jesus that died on the cross so that you and I could be forgiven of everything. Jesus loves you and we do too.

Thank You

Thank you all so much for your donations to Clearview Cancer Institute. The first time I went to Clearview I was sitting in the waiting room thinking about how many hundreds of times I had passed by that building, but I didn't know anything about the place, except that the parking lot was always full. Since then, I've learned what an amazing place it is! The doctors, nurses, counselors, and the rest of the staff are so nice and compassionate. It never occurred to me that cancer patients might need gas because they have to drive to treatments and doctor appointments. Or in need of food because of not being able to work. Some can't afford wigs or head coverings. Clearview takes care of all these things for their patients, with a lot of help from people like you. Florence is blessed to have Clearview and also blessed to have people like you. Thanks again, Kim Schaffer (sister of Donnie Lane)

Rogersville church of Christ,

Thank you all so much for the very generous donation of gas cards you provided to Clearview Cancer Institute in Florence. I am so grateful for this donation. As you can imagine, cancer can be devastating for patients and their families. Many of our patients experience financial hardships due to their disease. It is such a blessing to alleviate some financial burden by offering gas cards to help get patients to treatments. May God bless you all for your kindness and generosity. Sincerely, Kelli Bates, Clinical Social Worker
