## ROGERSVILLE CHURCH OF CHRIST JANUARY 26, 2025

The truth of the matter is simply this: People will do whatever it is they really want to do.

Billions of sermons have been preached across numerous religious groups concerning how people are to live, act, speak, etc. So why do we still have the problems that we have? Because people are still going to do whatever it is they really want to do.

I do not intend for this to be a negatively-toned bulletin article. Actually, it is intended to be encouraging because the big reveal is that we have the ability (given by God) to choose what we will do with the second, minute, hour, day, month and year God gives to us. What are you choosing that could be made better? What are you choosing that has made a tremendous difference in how things are going? What about your spiritual life is lacking and how can we encourage you to fix it or improve it?

The truth of the matter is simply this: People will do whatever it is they really want to do. I want to go to heaven and take as many people with me as I possibly can, so I want to choose directions and actions that lead to that goal. What is it that you really want to do?

***"Whatever you do, work heartily, as for the Lord and not for men, knowing that from the Lord you will receive the inheritance as your reward. You are serving the Lord Christ."***

**-- Colossians 3:23-24**
